Business Analyst Strategy & Reporting (f/m/d) Hamburg / Lübeck

Your Tasks:

You will be responsible for all financial aspects in the PID group. This includes setting guidelines, structures and giving advice for operational reporting out of the subsidiaries, as well as representing the group in front of the shareholders. On a group level you will support strategic projects & M&A processes with your financial & analysis know-how. Targeted business analysis will form your baseline:

- You translate numbers, data and facts into content-related improvement potential and derive corresponding measures for subsidiaries and sales areas
- You are responsible for the conceptual design and further development of a targeted and addressee-oriented reporting system on group level
- You will carry out general business planning, management and controlling tasks for the PID Group
- You will work on international business projects and develop project specific controlling instrument
- You define transfer pricing procedures and methods in the area of value flows between the subsidiaries
- You will be a sparring partner for local controlling / finance responsible
- You will support financial due diligence processes for add-on acquisitions and provide support in the financial onboarding of new acquisitions
- You support achieving increased transparency & benchmarking possibilities within the group

Your profile:

- Degree in economics, business administration or industrial engineering with focus on controlling/finance or equivalent commercial education
- Initial professional experience in business controlling and cost center accounting
- You have already gained intercultural experience, for example in project coordination, or are used to working in an intercultural environment
- Strong project management skills
- Exercise insightful judgement, including accurate and reliable proposals
- Personality and mindset that promotes collaboration and teamwork
- Result driven motivation to look proactively for improvement potential and support needs
- Ideally you live close to the Possehl Headquarter in Lübeck
- High willingness to travel regularly within Germany and internationally
- Business fluent English and German

We offer:

- Global view: European group of companies with different cultures & mindsets; continuous expansion of group with new companies
- Impact: Possibility to have a significant impact on the development & growth of the group
- Responsibility: Freedom to steer the topic of Business Analysis, Reporting & Strategy Controlling
- Importance: Direct coordination & collaboration with top Management
- Balance: Flexible working hours / mobile work / self-coordination
- Career: Excellent opportunities to develop your career within PID in various directions

INTERESTED? Then start your next career step and send us your application with details of your earliest starting date and salary expectations.

About PID

PID - Possehl Identification Solutions is the youngest of the ten business units of the POSSEHL Group.

PID is a group of 8 dynamic medium-sized companies specialized in labeling, coding, software and label production:

Logopak, LSS, NOVEXX Solutions, Eidos, Nordvalls, Etipack, Datakamp, and Watermill.

As a big group we join our forces to bring expertise and experience of all the individual companies together. The customers benefit from having access to the full PID product portfolio & global support presence.

The headquarters of the different companies are all based in Europe.

POSSEHL Identification Solutions represented by POSSEHL Mittelstandsbeteiligungen GmbH
